## TVP-300 Slide-In Dimensions

Mount in ATV (Select models only)

Mount on land, concrete or docks

Slide-in Vacuum Systems for Trucks

Get superior high suction suction performance with the Super Duty TVP-300 Series. Designed for septic waste, grease trap pumping, wastewater transfer, construction sites, government applications, facilities management and site remediation services. Available in either stationary, slide in or trailer mounted units.

### Slide-In Units

Slide in units are specialized vacuum systems that connect to the frame of a truck or to the interior of a pick up, box truck or dump truck. There are specific connection points to allow for installation.

### Stationary

Stationary vacuum systems are capable of bolting to a concrete pad, dock or on land.

# BUILD OPTIONS

## CFM Vacuum Power

CFM or cubic feet per minute relates to vacuum suction power. Wastecorp offers several CFM options. Our industry leading standard CFM is 127, 230 CFM, 350 CFM and more are also available. We also offer blower packages for hydro excavation,

## Dual Compartment Options

Select either waste only tanks or waste plus water compartments.

Wastecorp uses premium steel tanks that stand the test of time. We offer dual compartment waste and water or external polyethylene water tanks (your choice)

## Jetter Options

Expand the capabilities of your system with both waste collection and water jetting function. Jetters are ideal for cleaning catch basins, sewer pipes and general facilities maintenance.

Several jetter packages available to meet your job site needs.

## Optional Equipment

### Rear Manway

Designed to allow for easy maintenance and cleaning of tank interior.

### Work Light Package

Bright LED's for working in dark conditions. Beacon light and traffic diversion arrows (DOT compliant) available.

### Storage Options

Locking storage compartments available depending on the model. Various lockable storage options to help deter theft and vandalism.

### Electric Driven Motor With Control Panel

Using your vacuum pumping system indoors or have a power source? Wastecorp offers an electric model with heavy duty industrial hose reel.
