

HW-40

Marine Pump-Out Station

A compact, low-maintenance marina pump-out station designed for fast, convenient vessel waste removal. Its non-clog pumping system handles debris-laden sewage with ease, while the lightweight Aluminum, mobile cart design makes it easy to maneuver along docks and boat slips.

MOBILE DESIGN

40 Gallon

USG TANK

Polyethylene UV resistant design

MANUAL HAND PUMP

Marine-Grade aluminum

1-1/2"

QUICK CONNECT

Adapter sizes available

Professional Pump-Out Made Portable

- Engineered to resist clogging in debris-laden applications
- Quick-connect hose fittings
- Excellent backup pump during power outages
- Tank fittings allow for easy waste collection and disposal
- Optional adapters and hoses to customize your pumping operation

IDEAL APPLICATIONS

- Marine applications
- Self-service operations
- Bilge pumping
- Septic tank pumping

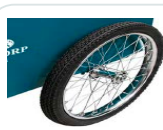

Ideal for wastewater, sewage and marina pump-out applications. Durable construction for demanding applications
