PREMIUM EQUIPMENT. PREMIUM RESULTS.
THE ULTIMATE JETTER SYSTEM.

Wastecorp's Viper JT-2000 Series water jetter system, features a high volume 2000 US gallon steel tank and includes both a high suction power vacuum system and jetter function. Dual vacuum and jetter functions keep job site productivity higher since one unit can supply both vacuum and and high pressure water delivery. Select from dual or single compartment tanks for fresh water/waste containment. Optional gas, diesel or electric drive systems available.
