# WATER HOG HIGH PRESSURE PUMPS.

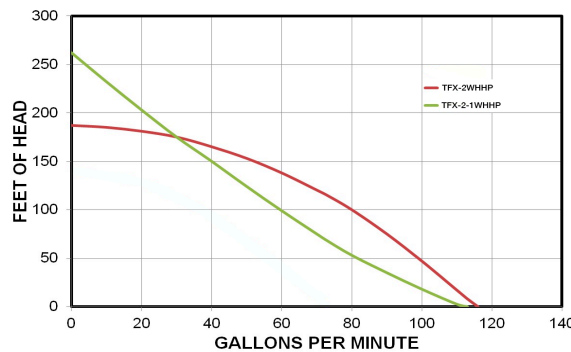

The TFX-2WHHP and TFX-2-1WHHP can exceed pressure 3x over centrifugal Pumps. These water hog pumps are rigid, compact and portable. Impellers and volutes are constructed from cast iron. Pump housings are made from die cast aluminum. Self priming up to 26' and a maximum head up to 187'. Honda engines with low oil shut off.

Designed for sprinkler systems, fire fighting, agriculture. Get pressure for greater heights and longer distances. With the optional wheel mount kit this pump is perfect for on the move operations.
